

About The Behavioral Health Partnership

The Behavioral Health Partnership is a long-standing group of stakeholder organizations.

Mission: To raise awareness of mental health and substance use disorder issues and ensure quality systems of care and treatment, policy, and funding for mental health through unified action.

Key Goals:

- Present as one voice to policy makers whenever possible
- Reduce stigma
- Ensure services are recovery and resiliency focused
- Increase the influence of behavioral health in state government
- Advocate for access to appropriate medications in the most cost effective way

Mental Health America of Colorado creates opportunities for all Coloradans to achieve mental wellness. Our programs educate people about mental health conditions, provide outreach to people in need, and advocate for improved health care in our state. We exist as a community resource for people seeking information about mental health, and collaborate with others to improve health care in Colorado.

The Federation of Families for Children's Mental Health, Colorado Chapter is unique. We are a family-driven and family-run nonprofit organization that provides the *family* voice in Colorado's behavioral health care system through advocacy, leadership, technical assistance, and collaboration.

Thomas H. Dillingham, Executive Director
tdillingham@coloradofederation.org, 720-855-3493

The Colorado Psychiatric Society (CPS) is a district branch of the American Psychiatric Association and has a membership of approximately 500 psychiatrists who practice throughout the state of Colorado. CPS activities include: advocacy for the welfare of individuals with mental illness in the public and private sectors; public information projects focused on the media and the general public; responding to mental health needs of Colorado communities; hosting educational meetings; informing members of current issues; and legislative education and lobbying on medical and mental health issues.

The Colorado Psychological Association (CPA) is the voice for national and statewide efforts to increase public knowledge of the unique qualifications and expertise of psychologists, and to advocate for psychology and mental health. CPA's Legislative Committee works with state officials and political leaders to maintain and improve legislation that regulates licenses, and defines the boundaries of practice for all Colorado Psychologists.

Karen Wojdyla, Executive Director
kwojdyla@gwami.com, 303-860-0555

Moira Cullen, Lobbyist
303-692-9303

NAMI of Colorado's mission is to provide advocacy, education, and support to individuals and their families affected by mental illness. We do this through the provision of free educational programs and support groups, and by monitoring legislative issues that would affect mental health at the city, county, state, and federal levels.

Lacey Berumen
alaceyberumen@gmail.com, 303-321-3104

The National Association of Social Workers, Colorado Chapter is a professional organization that advocates for the promotion, development, and protection of its members, the social work profession, and social work values.

Renee Rivera, Executive Director
renee@naswco.org, 303-753-8890

Jennifer Miles, Lobbyist

THE NETWORK of Colorado's (the Colorado Mental Wellness Network) mission is to "empower Coloradans affected by mental health conditions to achieve wellness and further recovery through advocacy tools and peer support." The Network also advocates for their peers and works collaboratively with other advocacy organizations to inform the public of the increasing need for behavioral health services in Colorado.
