8:00 p.m. Café Psychiatrique:  
**Debate: Have We Oversold the Effectiveness of Psychiatric Medications?**  
**Yes:** Jonathan Shedler, PhD  
**No:** Christopher Schneck, MD  
**Moderator:** Robert Feinstein, MD

*Back by Popular Demand:* Café Psychiatrique is based on a world-wide movement designed to help develop learning communities interested in discussing various topics. These intellectual communities are currently practiced as Cafés Philosophiques and Cafés Scientifiques. At our CPS Dinner Meeting, we will look at both sides of the debate over the effectiveness of psychiatric medications. After each brief presentation, attendees will engage in questions and general discussion. There is plenty of opportunity for everyone to participate. We would like to hear your perspective at what promises to be a lively evening!
